ment is now charged for precipitance and indiscretion. We were at first charged for not shifting the College to Anappara.

Mr. Thomas Manjuran.—We are faced with a previous decision of this House. I am now asking whether the Government's attention has been turned to the question of the hardship that would be seriously caused to the 268 students who belong to Ernakulam and the other places within a radius of seven miles of Ernakulam.

Rao Sahib Mr. C. Matthai.—That is a question which has to be investigated.

construct *a foot-path only* instead of a pucca road connecting Koonamuchi with the British frontier ?

Rama Varmha Tampuran.—So far as it has been possible to ascertain, no such petition appears to have been received by the Diwan.

Mr. P. Krishna Menon.—Sir, the answer given to my question is that, so far as it has been possible to ascertain, no such petition appears to have been received by the Diwan. May I know, Sir, what steps have been taken to ascertain this fact ?

Rama Varmha Tampuran.—Looking into the registers and back papers.

Mr. P. Krishna Menon.—Is there a separate register, or is there only a general register in which such petitions are entered when they are received by the Diwan in camp ?

Rama Varmha Tampuran.—Such petitions as are received by the Diwan while in camp are forwarded to the office, and they are entered in the office register.

Mr. P. Krishna Menon.—May I know whether the register for the period immediately preceding the Diwan's visit to Coonoor that year has been searched ?

Rama Varmha Tampuran.—Which year, please?

Mr. P. Krishna Menon.—1104.

Rama Varma Tampuran.—No.

Mr. P. Krishna Menon.—Is not a separate register kept for entering the petitions received by the Diwan?

President.—There is no separate register for that. I send to the office all the petitions received by me while in camp.

Mr. P. Krishna Menon.—So there is no means of knowing whether such a petition has been received. Supposing it is ascertained as a fact that a petition was given, is there no means of finding it out ?

President.—It may also happen in rare cases that the petition was not transmitted to the office due to an oversight.

Rama Varmha Tampuran.—The same question may arise when the Diwan is not in camp as well.

Mr. P. Krishna Menon.—Suppose in this case the petition has been presented and the register does not show the receipt of such a petition.

Rama Varmha Tampuran.—The question has to be investigated. The evidence has to be gone into. We will have to ascertain who the registering clerk, was and all those things require detailed examination.

Mr. P. Krishna Menon.—May I know whether there is any means of finding it out ?

Rama Varmha Tampuran.—The only means is by an enquiry.

President.—Have you got any reliable data to show that the petition has been presented to the Diwan?

Mr. P. Krishna Menon.—The only information available is that it was presented on the day previous to the departure of the Diwan to Coonoor.

President.—Perhaps the office might have omitted to register it. You give us a copy of the petition and say that it was presented on such and such a date.

Mr. P. Krishna Menon.—The date of the petition and the name of the person who presented the petition, &c., are not available. That is the difficulty.

President.—Somehow or other it is not to be found.
